

Spreading the Fire

Greetings in the name of the Lord!

September 2009

There's way too much to update on, so I'll focus on our main event of August, our *United in the Fire of God* conference we held with many other churches in Lima during Aug 13th-15th. We had a team of missionaries who serve in Mexico, 8 FIRE School students and our missions directors, Dr & Mrs. Peters. **We saw God do mighty things!**

Each of the three mornings we had a sweet time worshipping in the presence of God, followed by the Word being delivered by the speakers on our team. Without fail, we saw intense times of people crying out for more of God during the altar ministry. During the evenings we had revival services for the general public, **during which we saw people with alcohol and drug addictions set free by the power of God; as well as powerful physical healings in peoples' bodies;** including a woman's painful tumor in her breast disappeared; a teenaged girl healed of scoliosis, straightened up and got taller right before my eyes as she received a touch from God.

I personally prayed for and laid hands on dozens of pastors at the conference who were healed of things like the cataracts from their eyes right then and there, uneven legs made straight, and a woman's voice being restored as we continued to pray for her while she lifted it up in praise to God until it was normal. I could go on and on with many more examples but I encourage you to listen to the *Fire On Your Head* podcast I did with Ron Smith for more details.

Each day we gave out a Spanish copy of a book by Derek Prince to all those in attendance as they left the church. On the final day, we gave out copies of "A Time For Holy Fire" by Dr. Michael L. Brown, president of FIRE School and a leader during the Brownsville Revival. We contacted him a few months ago asking for Spanish copies of his books, particularly this title and found out he didn't have any.

So we did the next best thing—asked for permission to translate it and have it printed here, and given away at the conference to leaders. **The result, “Es Tiempo Por El Fuego Santo”, and the first time any of his titles have been produced in South America. We believe this is a great tool for the leaders and pastors here desiring to see revival fire sweep through Peru.** Most Christians can’t and don’t buy a lot of books (too expensive) and as a result the average pastor reads 0.4 books per year.

Many people appreciated receiving books. **I watched upwards of 30 people go through our prayer tunnel on the final day, clutching their copy, as well as sniffing it upon receiving it.** We hope to continue doing this with other books of both Dr Brown’s, and other ministers whose material we feel strongly about getting into the hands of people in Peru.

We averaged around three hundred pastors and leaders, far short of the 1000 we were aiming for, but this has resulted in us having many copies of books left over to give to others. I’ve found myself visiting different churches in Lima I have a connection with, and I have just been taking over a dozen books in my backpack to give to all the pastors, youth ministers, and worship leaders that I could find or be introduced to (thank you those of you financing me to learn Spanish!)

Prayer Points:

- In early September, I’m going up to Huachipa where we have a DVD Bible school that pastors are attending, and I’ll be doing four night sessions (3 hours each) on divine healing. I’ll be using the *John G. Lake Divine Healing Technician Training Manual*, which has had a profound impact on my life personally in the last 6 years. This is a subject matter I’m fluent in, but I’ll be primarily using the JGL material in order to facilitate the learning experience for the 48 pastors and leaders in this school. Many of them have not finished high school or can’t read well, so I need the grace to not be overwhelming.
- I’m returning to North America on Sept 23rd, for one month and plan on attending the FIRE International Missions Conference from October 1st to 9th. At the time of writing this, I’m making my plans in obedience to God, in faith for the money to come in. If you are a regular supporter of mine, please don’t stop just because I’m at home for a month! If anything, I’m budgeting as though \$1500 extra will come in to help facilitate my flight to Charlotte, North Carolina and my return to Lima, Peru toward the end of October, as well as gas for other travels by car in Ontario while I’m home. My landlord here has already agreed to let me keep my room and belongings here for 1/3 of the price I pay monthly!

Thank you once again for your prayers, friendship, and support. I’m seeing so many more opportunities and open doors now to preach and teach, and it’s only because of prayer and God doing it, not my own ‘self-promotion’.

Blessings and fire on your head,
Steve Bremner
